Leadership

Rolta has achieved a leadership position in the markets it serves through a unique ability to weave its solutions into customer environments. The Company's ability to extract learnings from one business and create another is a Rolta specialty... Providing breakthrough innovations and visionary insight

Knowledge

Innovation is at the center of everything Rolta does. The Company is relentless in its quest to provide truly valuable solutions for its customers, based upon its intellectual properties and market leading technologies... Rolta has institutionalized transformation of knowledge into assets, which are shared, exchanged and invested for continuous returns...

Relevance

Rolta has managed to remain relevant by anticipating market needs, embracing change and ensuring that its businesses are not 'me-too' in character... Rolta has always looked beyond immediate opportunities to create businesses with long-term prospects and relevance...

People

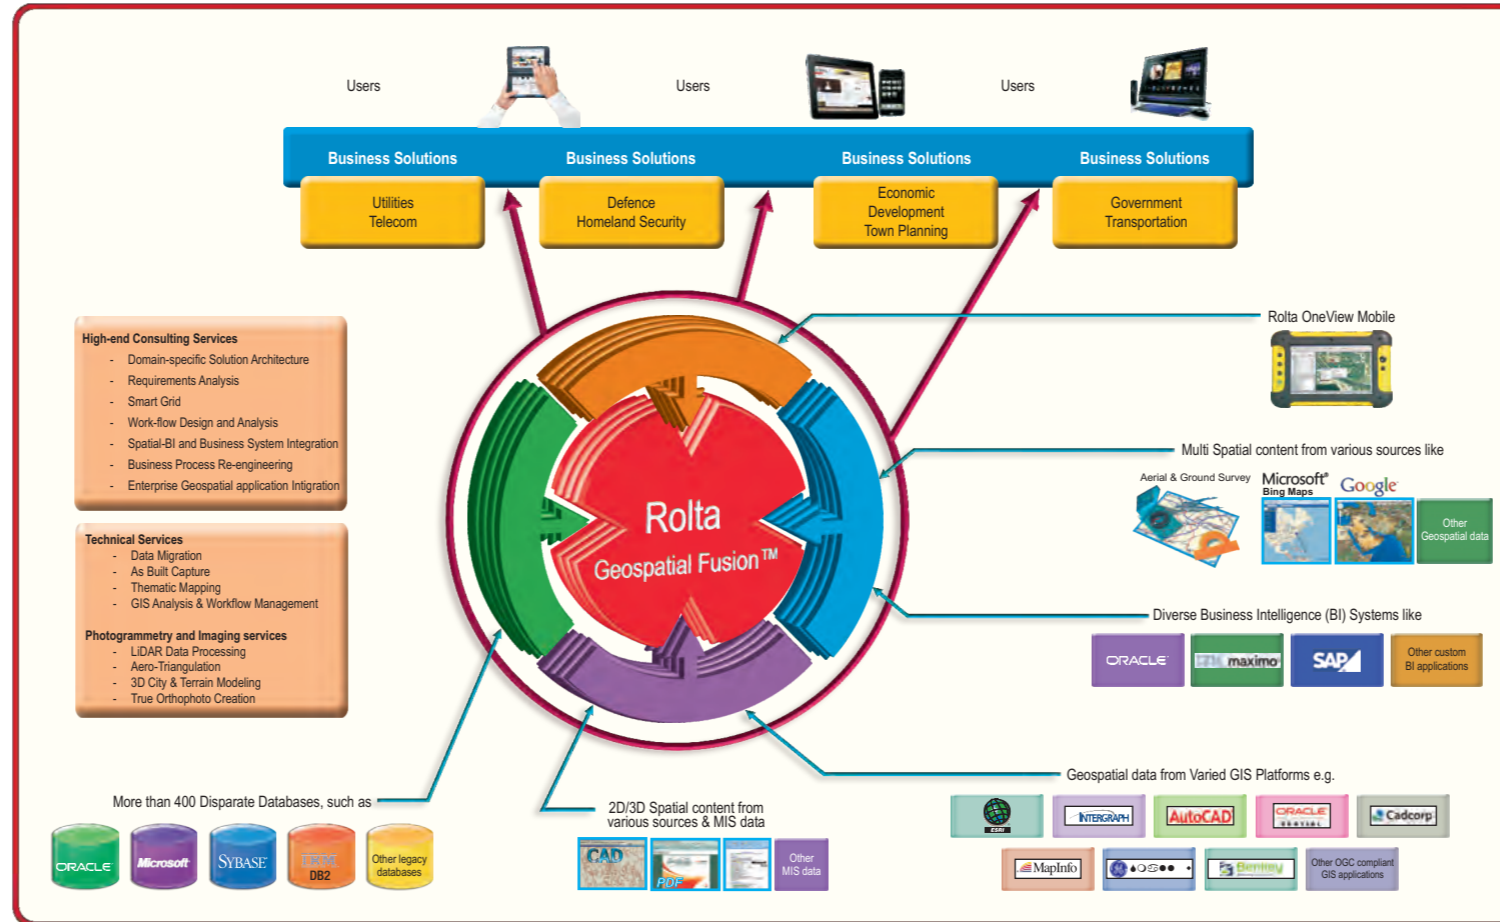

Over the years, Rolta has judiciously invested in people, technology & infrastructure to exploit & serve emerging opportunities... Rolta's achievements are anchored around its rich intellectual capital, derived through an inspiring workplace, enhanced employee satisfaction and people retention...

Alliances

Over the years, Rolta has established strong partnerships with industry leaders and acquired world-class companies & technologies. These have helped Rolta develop a deep understanding of international geographies, constantly evolving technologies, capture higher end of the value-chain and provide an unbeatable solution to customers... Rolta's achievement has translated into stronger alliances and an unbeatable value proposition for all stakeholders

Customers

Rolta provides catalysts for raising productivity within its customers' environments, thereby transforming their businesses... Rolta enjoys long-term relationships with its customers. Many have been with the Company for over two decades...

Rolta Geospatial Fusion™ is an innovative, world-class solution and framework, which fuses the information, applications and processes of an enterprise into a seamless, cohesive solution. Geospatial Fusion extends the value of legacy systems, GIS and existing investments in data and enterprise business applications by enabling cross-functional integration and creating spatial business and operational intelligence. By bringing together information that was previously hidden and by making it available in a context appropriate for any level of decision-making, performance can be measurably improved.

Business Intelligence

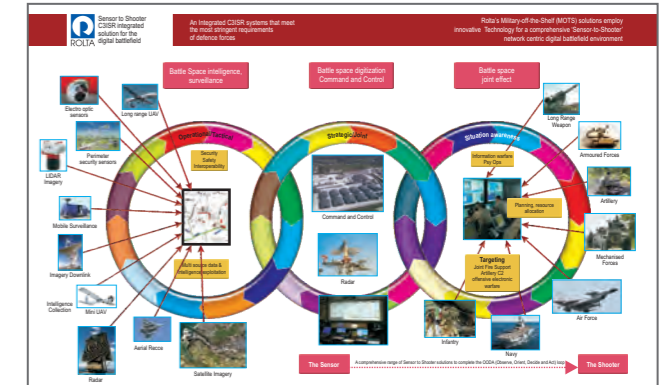

Rolta OneView™ is a Web based innovative Business Intelligence solution with field-proven benefits for plant operators to significantly improve operational efficiencies and reliability.

Homeland Security

Homeland and Maritime Security - Rolta's, solutions bouquet includes Safe City C4i, Computer Aided Dispatch, Crime and Criminal Tracking Network & Systems (CCTNS), Coastal Security, Maritime Safety & Security -Situational Awareness, Asset Protection and Surveillance & Intelligence analysis

Defense

Defence Forces - Rolta provides C4ISTAR solutions for Battlefield Management, Tactical Communications System, Future Digital Soldier, Weapon Sights, Mobile Surveillance and Advanced Photogrammetry & High End Imaging solutions for 3D Terrain Visualization, Automated Change Detection and Advanced Stereo Pair Ingestion.
