Enterprise IT Solutions

Innovative Technology for Insightful Impact

About Rolta

Rolta is a leading provider of innovative IT solutions for many vertical segments, including Utilities, Governments, Transportation, Process, Power, Banking and Insurance. These enterprise level solutions are built around Rolta's intellectual property and domain expertise to offer unique business intelligence for impactful insights for effective decision making.

Rolta's solutions framework includes Rolta Geospatial Fusion™, a suite to integrate disparate spatial and business data; Rolta OneView™, a BI solution for operational excellence; and Rolta iPerspective™, a unique platform for SOA and "Cloud" enablement. Rolta's intellectual property repository contains cutting-edge software for mapping and earth sciences, providing the foundation for Defense and Homeland Security solutions including C4ISTAR information systems, Military Communications, Digital Soldier, and Vehicle Systems.

Rolta is a multinational organization headquartered in India, which has executed projects in over 40 countries. Rolta has a countrywide infrastructure and international subsidiaries across the globe.

Forbes Global ranked Rolta amongst the "Best 200 under a Billion" four times in six years. The Company is listed on the Bombay Stock Exchange and National Stock Exchange in cash and F&O segment, and forms part of various indices on BSE/NSE. The Company's GDRs are listed on the Main Board of London Stock Exchange and its FCCBs are listed on the Singapore Stock Exchange.

Enterprise Geospatial and Defense Solutions

Rolta's cutting-edge Enterprise Geospatial and Defense Solutions are based on Rolta's own IP and partner technologies. Today, Rolta is the only company with the largest IP in the geospatial arena. Its comprehensive, field proven products and solutions are being successfully implemented in government, infrastructure, utilities, telecommunications, transportation, defense and homeland security markets.

Rolta's product bouquet includes; award winning Rolta Geospatial Fusion™ - which fuses information, applications and processes of an enterprise into a seamless, cohesive solution; Rolta OnPoint™ - Enterprise wide GIS, Geospatial and Data integrator using web technologies; Rolta OnPoint Mobile™ - a work-focused, asset-centric mobile GIS application allowing field personnel to apply specific work-related actions to help automate their daily work assignments; Rolta GeoImaging Suite - Integrated system for Remote Sensing and Image Processing; Rolta GeoConference - Real time geospatial collaboration system; Rolta Photogrammetry - Comprehensive suite of 3D digital Map production solution with multi-sensor support; Rolta Geomatica solutions - providing some of the most advanced Geo-Imaging and Photogrammetry capabilities, and are being actively used for mission-critical applications, by hundreds of users, across the country.

Rolta has acquired a wealth of domain knowledge and experience and is able to successfully execute challenging projects with a highly skilled and dedicated team of

professionals, equipped with state-of-the-art GIS software and Photogrammetric mapping suites.

Rolta provides its customers with cost effective and cutting-edge technology with competitive advantage. Rolta ensures that its solutions deliver meaningful impact to its customers' businesses.

Defense & Homeland Security

Rolta's years of experience in Geospatial solutions for Operations and Intelligence, coupled with technology from

strategic partners, results in a comprehensive portfolio of top-of-the-line solutions for the Defense Forces and Security Agencies.

As a dominant market leader for Defense Geospatial solutions in India for over two decades, Rolta today has a deep understanding of the Defense Forces and continues to design innovative solutions through a combination of its own IP, R&D and partner-technologies. Rolta has worked closely with the Army in warlike situations and provided support under extremely demanding conditions as demonstrated by its participation in the Army's "Operation VIJAY", "Operation PARAKRAM", and in several other major exercises.

For the Defense Forces, Rolta provides C4ISTAR solutions for Battlefield Management, Tactical Comms, Future Digital

Soldier, Command & Control, Communications, Night Vision, Weapon Sights, Mobile Surveillance and Advanced Photogrammetry & High End Imaging solutions for 3D Terrain Visualization, Automated Change Detection and Advanced Stereo Pair Ingestion.

For Homeland and Maritime Security, Rolta's product bouquet includes Safe City, C4i, Computer Aided Dispatch, Crime and Criminal Tracking Network & Systems (CCTNS), Coastal Security powered by Rolta CommandBridge™ technology. Maritime Safety & Security - Situational Awareness, Asset

Protection, Surveillance and Intelligence analysis for Mission planning.

Rolta also provides sensor data integration, data fusion and visualization solutions that seamlessly integrate with Command and Control solutions. These solutions are empowering the Armed Forces and Security Agencies in making India a safer place.

Engineering Design and Enterprise Solutions

Rolta, with its years of domain experience, Engineering expertise & insights together with innovative and specialized knowledge of tools and technology, provides comprehensive, field proven solutions for EPCs and O/Os from "concept to

completion" of process & power plants and for ongoing plant operations & maintenance.

Rolta's Engineering Design & Enterprise Solutions include Consulting, Conceptual Design, Detailed Design & Engineering, Project Management, Procurement Management, Construction Management, As-Built, Operations & Maintenance. These solutions & services help O/Os within the process and power industries, to optimize Asset Design, Asset Performance, etc.

Rolta OneView™ is a unique and innovative solution for extracting Business Intelligence from mission critical information collected from across the enterprise for various aspects of operations from multiple locations, plants, processes, for giving a single unified view for effective decision making and business excellence. For Process Industries including Upstream and Downstream Oil and Gas, Petrochemicals, Chemicals, Power, Utilities and Metals, Rolta OneView™ features a comprehensive framework spanning Strategy Management, Analytics, Performance Management and Real-Time Intelligence.

Rolta's comprehensive world-class solutions and services ensure that it is well-placed to constantly remain at the high-end of the value-chain.

Enterprise IT Solutions

Rolta Enterprise IT Solutions is a leading provider of innovative IT solutions for Oil, Gas, Power, Petrochemicals, Government, Defense, Homeland Security, Utilities, Telecom, Banking, Finance, Insurance, Healthcare, and Environment. Over the years, through in-house development and strategic acquisitions Rolta has built a rich repository of intellectual property (IP). These innovative IP power Rolta's enterprise level solutions. Rolta's R&D is recognized by Government of India (Ministry of Science & Technology) since the nineties.

Rolta's include several thought-leadership suites like Rolta OneView™, a BI solution for operational excellence; Rolta iPerspective™, a unique platform for SOA and "Cloud" enablement; Rolta Geospatial Fusion™, a suite to integrate disparate spatial and business data, etc. Rolta's intellectual property repository contains cutting-edge software for mapping and earth sciences, providing the foundation for Defense and Homeland Security solutions.

Rolta's IP-based turnkey solutions and services span the complete IT stack bringing together the latest thinking in Cloud Computing, SOA based Enterprise Application Integration (EAI), ERP consulting & deployment, Enterprise Performance Management (EPM), Business Intelligence, Application Development & Maintenance and Advanced IT Security with ongoing Enterprise IT management. Rolta's strong collaboration with leading global IT providers like Oracle (worldwide Platinum partner), Microsoft (Gold Partner), SAP, IBM, Microsoft, Computer Associates, etc. provides EITS team with access to leading-edge technologies.

Rolta has executed projects in over 40 countries and has built world-class Global Collaborative Product Engineering and Development Centers, as well as leading Technology Centers of Excellence (CoEs). Leveraging its well-ingrained mature processes, powerful technologies and strong IT skills, Rolta provides comprehensive Advisory, Design, Implementation, Support, Migration & Customization Services across the entire IT portfolio.
